Broker at **LLOYDS**

MATRIX is committed to providing quality service and working in an open and accountable manner that builds trust and respect. One way that we continue to improve our service is by listening and responding to the views of our clients, reinsurers and business partners and by considering and responding to potential complaints.

We aim to ensure that:

- Submitting a complaint is as easy as possible.
- Acknowledging the receipt of a complaint occurs quickly.
- The process of addressing the complaint is executed with a sense of urgency and when appropriate, confidentially.
- Responding to the complaint takes place appropriately – offering an explanation or an apology when we got things wrong.
- Lessons learned from any complaints are used in improving the services offered to you.
- The activation of complaint procedure doesn't interrupt the limitation of legal rights.

How we handle complaints

We undertake to acknowledge receipt of your complaint in writing immediately by the end of the following business day and will try to resolve matters within the prescribed period of time. If this is not possible, your complaint will then be passed to one of our senior managers who is not involved and /or to our compliance officer.

We will fully investigate your complaint and respond to it as swiftly as possible and in any event within 50 calendar days of the date of receipt. If this is not possible, we will provide you with an estimated time of reply along with a detailed explanation of the reasons for any delay.

How we close complaints

Once we reply to your complaint with the response and do not receive a further response from you within one calendar month from the date of our response, we treat the complaint as closed.

If our response is not satisfying, the client has the right to insist on his complaint.
